

FM43 ORBITAL

SINGLE DISC MACHINE

Orbital single disc machine

 **FIMAP**[®]

FM43 ORBITAL

FM43 ORBITAL is a new concept single disc machine recommended for heavy duty works. It has an orbital movement that enhances the performances of a regular single disc machine. The high frequency oscillations get stability and manoeuvrability even with a weight of 65 Kg (without accessories).

Moreover, the particular orbital movement makes its use very easy for any operator, that has not necessary to be endowed with distinctive physical strength, reducing also training time.

FM43 ORBITAL is equipped with a new handlebar reinforced with a steel support that improves manoeuvrability and reliability over time

FM43 ORBITAL is suitable for heavy duty cleaning, stripping, crystallization, polishing and honing of marble, stone, cement and wood floors

Energy consumption is remarkably reduced and allows to work also where the available electrical power is not very high

ACCESSORIES

FM43 ORBITAL optional accessories: cord extension EU plug, cord extension UK plug, tank, nylon 0,8 mm Brush, pad holder, pad holder for sand paper.

TECHNICAL DESCRIPTION		FM43 ORBITAL
Drive		direct
Voltage	V/Hz	100-120-220/50-60
Power	W	1100
Working width	mm	430
Oscillations per minute	n.	1400
Machine weight	Kg	65

TECHNICAL DESCRIPTION		FM43 ORBITAL
Brush pressure	Kg	50
Wheels	mm	200
Sound pressure level	dB (A)	62
Hand vibration level	m/s ²	2,71
Machine dimensions (L x h x w)	mm	700 x 493 x 1200
