Interclean Amsterdam
Innovation Award 2020

LIONSBOT

Forward-thinking Cleaning

LEOMOP

RELIABLY QUIET MAINTENANCE CLEANING

A WHOLE NEW CLEANING SYSTEM

Our revolutionary, tri-component mop design delivers effective, dry, and damage-free maintenance cleaning. Featuring a heavy-duty roller, a stainless-steel scraper, and a hardy microfibre pad, discover an amazing clean that really leaves no trace.

80X

LESS WATER THAN TRADITIONAL
ROBOT CLEANERS

0

HARSH CHEMICALS
USED

SIGNIFICANTLY LESS WATER USED—AND NO HARSH CHEMICALS!

The LeoMop uses 80 times less water than traditional cleaning machines, with better results. And with no harsh chemicals used, it's more sustainable for both you and the world around you.

SUPER QUIET CLEANING

Our LeoMop fits in anywhere, thanks to its exceptionally quiet cleaning. Under 55 dB of cleaning noise means it can move around without disrupting work meetings or conversations—perfect for even the busiest offices!

UNDER

55 dB

OF CLEANING NOISE

10

HOURS OF CLEANING TIME
ON A 2-HOUR CHARGE

EXCEPTIONALLY LONG RUN TIME

10 hours of cleaning on a 2-hour charge. Thanks to smart energy management, great cleaning doesn't have to stop—not for a while anyway.

MAINTENANCE CLEANING HAS NEVER BEEN QUIETER... OR BETTER.

The LeoMop makes maintenance cleaning easy with its advanced cleaning system ensuring super dry, damage-free mopping over multiple surfaces. Combined with a long 10-hour run time, amazingly low water usage, zero harsh chemicals, and super quiet cleaning volume, you have the perfect autonomous cleaning robot for any environment.

The LeoMop. Quietly exceptional.

“When my team saw that a robot had been added to the team, they felt like they’re being upgraded as cleaners, and they feel more valued”

Azli,
Day and Night Services

LEOSCRUB

PERFECT FOR ANY CLEANING SITUATION

POWERFUL CLEANING PERFORMANCE

Great, powerful cleaning, nothing added. Delivering 50 kg of downward cleaning pressure, the LeoScrub is effective on all surfaces, cleaning without harsh chemicals to great efficacy.

50 KG OF CLEANING PRESSURE

SUPER DRY RESULTS

DURABLE BRUSHES AND AN ADVANCED SQUEEGEE SYSTEM

Its water release system uses just the right amount of water for every clean. Together with its patent-pending squeegee system, you're guaranteed super dry results. Its multi-bristle brushes are also easily changeable and highly durable, with a 6-month lifespan.

GREAT CLEANING KEEPS ON GOING

The LeoScrub cleans up to 5 hours at a time, on just a 2-hour charge. The secret is smart energy management, ensuring an efficient use of power on every clean.

5 HOURS OF CLEANING, ON A 2-HOUR CHARGE

POWERFUL CLEANING HAS A BRAND-NEW LOOK

The LeoScrub is the autonomous cleaning robot that doesn't compromise. With long-lasting, heavy-duty brushes that deliver up to 50 kg of downward pressure, the LeoScrub makes quick work out of deep stains and grime—all with exceptional dryness and no harsh chemicals. Combined with a 5-hour cleaning time and fully-controllable cleaning from the LionsClean app, and you have a cleaning robot that really has it all—delivering the perfect clean, every time.

The LeoScrub. Powerful cleaning made easy.

“By having a robot in the team, it helps us concentrate on other areas - leaving the robot to do the repetitive things”

Ainiah,
Sun City Maintenance

LEOVAC

THE SUPER QUIET VACUUM MOTOR-FREE REVOLUTION

Make some noise for the quietest vacuum robot ever. The LeoVac delivers unparalleled performance thanks to its revolutionary vacuum motor-free system, along with unprecedented quietness. With an amazing 10-hours of cleaning time on a single charge and an in-built HEPA filter, your office's carpets will never be the same again.

The LeoVac. Smarter, quieter, and so much better.

A BETTER VACUUM STARTS WITH RETHINKING EVERYTHING

A REVOLUTIONARY VACUUM SYSTEM

The LeoVac's cutting-edge vacuum system contains no vacuum motor, instead using two high-speed brushes to toss up dust, dirt, and debris—with a runtime 3x longer than other robot vacuums.

3X

LONGER RUN TIME THAN OTHER ROBOT VACUUMS

BELOW 55dB OF CLEANING NOISE

UNBELIEVABLY QUIET RUNNING NOISE

Thanks to the motor-free vacuum system, running noise has been reduced significantly, with the LeoVac producing less than 55 dB with every clean. So quiet, you won't even notice it.

CLEANER CARPETS, CLEANER AIR

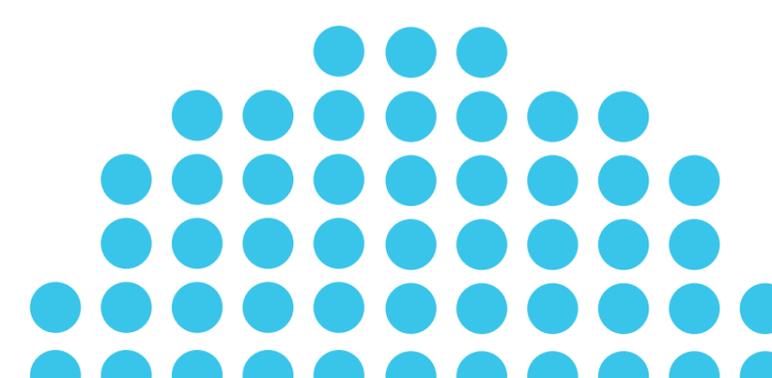

The LeoVac comes with an built-in HEPA filter which keeps the air clean on every pass—helping you breathe easier while cleaning the carpets around you.

IMPROVES AIR QUALITY

10 HOURS OF CLEANING TIME ON A 2-HOUR CHARGE

POWERED TO KEEP ON CLEANING

Without a power-hungry vacuum motor, our LeoVac can clean for longer too—delivering up to 10 hours of cleaning on a single charge!

LEOPULL

THE WORKHORSE YOU'VE BEEN WAITING FOR

Powerful and efficient, the LeoPull is the hard worker that really carries its weight—and much more. Able to deliver an incredible 450 kg of pulling power for over 20 hours on just one 2-hour charge, the LeoPull makes it easier than ever to keep your cleaning on schedule. Combined with a wide range of customisable trailers, there's really no end to the number of ways that the LeoPull can pull your team forward.

The LeoPull. The hardworking powerhouse.

INTERCLEAN AMSTERDAM INNOVATION AWARD 2020

Our Leobots were awarded the most illustrious prize in global cleaning technology.

THE LIONSCLEAN APP HIGH-POWERED CLEANING IN THE PALM OF YOUR HAND

We're giving cleaners easy access and full control—all through their mobile phone.

THE WORLD'S FIRST CLEANING ROBOT APP

Designed for anyone of any age—receive live notifications, access cleaning schedules, control remotely, and even use its unique “meet-me-here” function. Everything you need at your fingertips!

FLEET MANAGEMENT MADE SIMPLE

Whether it's one bot, or fifty, you'll be able to direct your fleet of LeoBots seamlessly so you can grow your workforce without disruption. Managing your jobsite's changing needs has never been easier—anyone can do it!

THE ROBOT WITH PERSONALITY

Another boring robot? Far from it! Each built with a digital display and an affable personality, our LeoBots always bring a smile wherever they go.

DESIGNED FOR SUSTAINABILITY

We're committed to saving water without any compromise on cleaning. Our LeoMop uses 80 times less water than manual scrubbers at just 0.6L per hour—because every drop counts.
